Application

It is the responsibility of the owner to obtain written approval from the Board of Directors for all repairs and modifications to any condominium unit. Emergency replacement of water heaters and air conditioning systems are exempt from pre-approval, but must meet all post-installation conditions, including permitting. All water heater change outs must include serial numbers.

Drawings, proposals, photographs and other supplemental information must be submitted with this application for consideration. No work shall commence without prior approval and/or required building permits.
